perrine s literature pdf: Vermeer's Hat Timothy Brook, 2010-08-01 In this critical darling Vermeer's captivating and enigmatic paintings become windows that reveal how daily life and thought-from Delft to Beijing--were transformed in the 17th century, when the world first became global. A Vermeer painting shows a military officer in a Dutch sitting room, talking to a laughing girl. In another canvas, fruit spills from a blue-and-white porcelain bowl. Familiar images that captivate us with their beauty--but as Timothy Brook shows us, these intimate pictures actually give us a remarkable view of an expanding world. The officer's dashing hat is made of beaver fur from North America, and it was beaver pelts from America that financed the voyages of explorers seeking

routes to China-prized for the porcelains so often shown in Dutch paintings of this time, including Vermeer's. In this dazzling history, Timothy Brook uses Vermeer's works, and other contemporary images from Europe, Asia, and the Americas to trace the rapidly growing web of global trade, and the explosive, transforming, and sometimes destructive changes it wrought in the age when globalization really began.

The main objective of the symposium was to examine the concept of witness literature and its relevance to contemporary literature. This concept is relatively new and has not yet been defined clearly by literary criticism and scholarship. The discussion primarily alternated between two aspects of the topic: the particular claim to truth that witness literature puts forward, and the process that leads from catastrophe to creativity and that turns the victim into a writing witness with the power to suspend forgetfulness and denial. This volume, edited by Horace Engdahl, Permanent Secretary of the Swedish Academy, brings together all the talks given at the symposium.

perrine s literature pdf: Solitude and the Manifestations of the Solitary Characters in Selected Short Stories: An Interdisciplinary Study Najat Ismael Sayakhan, 2024-07-02 Solitude is the state of being alone or isolated from others. It is often a voluntary choice for meditation, introspection, reflection, or simply enjoying one's own company. Solitude can be peaceful and conducive to deep thinking or creativity, contrasting with loneliness, which implies a negative feeling of being alone and disconnected. This book investigates the types of solitude in twelve modern short stories written by authors of different nationalities, races, and genders. It also explores how the setting boosts the state of solitude of each character. There are different manifestations of solitude and the solitary character: a person living among other people, refusing to be part of them, unwilling to be part of them, or being refused and rejected to be part of them. This character is a child, a teenager, a man (or an abnormal, freakish man) or a woman of sorrow, a recipient of much unbearable pain.

perrine s literature pdf: Dubliners James Joyce, 2015-08-01 This collection of fifteen short stories by Irish author James Joyce examines how one's surroundings can shape and influence a person. Although initially considered too edgy for publication, *Dubliners* later became a classic as readers began to appreciate Joyce's realistic fiction. In each story, Joyce documents the daily lives and hardships of fictional Dublin citizens. Joyce's collection progresses from the struggles of childhood to the struggles of adulthood. This collection includes one of Joyce's most famous short stories, *The Dead*, which depicts the ways memories of the past can intrude upon the present. Joyce provides a glimpse into twentieth-century Irish culture and history in this unabridged short story collection, first published in 1914.

perrine s literature pdf: Averno Louise Glück, 2014-07-08 A ravishing collection by Louise Glück, winner of the Nobel Prize in Literature Averno is a small crater lake in southern , regarded by the ancient Romans as the entrance to the underworld. That place gives its name to Louise Glück's eleventh collection: in a landscape turned irretrievably to winter, it is the only source of heat and light, a gate or passageway that invites traffic between worlds while at the same time opposing their reconciliation. Averno is an extended lamentation, its long, restless poems no less spellbinding for being without plot or hope, no less ravishing for being savage, grief-stricken. What Averno provides is not a map to a point of arrival or departure, but a diagram of where we are, the harrowing, enduring presence. Averno is a 2006 National Book Award Finalist for Poetry.
