celebrate recovery bible pdf: The Road to Freedom Johnny Baker, 2018-06-26 The Road to Freedom is the path of hope for all of us who are stuck. With practical application and inspiration, Johnny Baker shares his story of recovering from alcoholism and offers the truths he has learned from his 25 years with Celebrate Recovery. Baker's father, John, founded Celebrate Recovery when Baker was 15 years old. Later, Baker became involved with alcohol himself. Now he serves on the leadership team of Celebrate Recovery, sharing his testimony of how God brought him back home. In the years since leaving alcohol behind, Baker has witnessed thousands of other lives change through the power of Christ. Terry Looper shares a four-step process for doing just that - a process he has learned and refined over thirty years as a Christian entrepreneur and founder of a multi-billion dollar company. At just thirty-six years old, Terry Looper was a successful Christian businessman who thought he had it all—until managing all he had led to a devastating burnout. Wealthy beyond his wildest dreams but miserable beyond belief, Terry experienced a radical transformation when he discovered how to align himself with God's will in the years following his crash and burn. *Sacred Pace* is a four-step process that helps Christians in all walks of life learn how to slow down their decision-making under the guidance of the Holy Spirit, sift through their surface desires and sinful patterns in order to receive clear, peace-filled answers from the Lord, gain the confident assurance that God's answers are His way of fulfilling the true desires he has placed in their hearts, and grow closer to the One who loves them most and knows them best. *Sacred Pace* is not another example of name-it-and-claim-it materialism in disguise. Instead, it walks Christians through the sometimes-painful process of "dying to self" in their decisions, both big and small, so that they desire God's will more than their own.

celebrate recovery bible pdf: *Suffering and the Sovereignty of God* John Piper, Justin Taylor, 2006-09-13 In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

celebrate recovery bible pdf: *The Poisonwood Bible* Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review *The Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of

the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.
